How to Order

Classic Lamp Parts orders:
Order using the 'CLP ITEM #' shown to the *Left* in BLACK.

W.N. deSherbinin orders:
Order using the 'WND ITEM' shown to the *Right* in PURPLE.

It is important to recognize that our industry is changing dramatically and that we are all impacted by the current global supply chain and economic issues.

CLP and WND are proud of our individual histories, and we believe that working together will make us better suppliers for you.

We spent the last few years adding items, so you will find many new items in this catalog, and with our recent acquisition of America-De Rosa Lamparts (Luminance Brands) out of their bankruptcy, there were even more last minute additions.

This shared catalog is intended to make it easier for you to identify the part numbers for the items that you need in a way that is manageable for all of us.

The **Classic Lamp Parts** Item number is always to the ***left***, and is printed in **BLACK**.

The **W.N. deSherbinin** Item number is always to the ***right***, and is printed in **PURPLE**.
